ONLY ONE WEEK MORE OF TAX PAYING TIME

Cold Wave Swept County

ZERO IS HIT AS MERCURY TAKES SLIDE

By Far Coldest Wave of Year Hits The Plains

NO STOCK IS LOST

No Snow or Rain Comes With The Lowest Temperature

The coldest wave of the year swept the Panhandle Sunday, rushing the mercury from 52 degrees above zero at midnight Saturday to zero at 4:00 o'clock Monday morning.

The largest drop in temperature came at noon Sunday, when the register showed a drop of 11 degrees between 12 o'clock and 1:00 o'clock. The temperature continued on downward, reaching 19 degrees at 3:00 o'clock and 10 degrees at 6 o'clock.

After touching zero at 4 o'clock Monday morning, the mercury steadily rose during Monday and Tuesday.

The norther was dry, in spite of the continued prediction from the weather bureau, which predicted snow. Heavy snows fell to the north and east of the Panhandle, but the dry weather still continues in this section.

No loss of stock was reported in the Panhandle by the cold wave, since it lasted only one day and was dry.

Another cold wave hit the Panhandle yesterday, but in no respects as severe as the one of Sunday. The temperature this morning has moderated after the sudden drop yesterday.

Certified Seed To Be Offered Farmers By County Agent

County Agent W. H. Upchurch has just received a shipment of certified seed for distribution to farmers of Randall County. This seed is bought each year with a revolving fund of the Canyon Chamber of Commerce and resold to farmers at cost. Most of the seed this year is old seed that was carried over by the grower and sold to the Randall County Pool last fall.

Varieties this year include kaffir, milo, hegari and sumac cane. There is also a small amount of non-certified wheatland milo.

Farmers who want to plant certified seed this year are urged to buy it as soon as possible because of the very limited mouse-proof storage space available.

Farmers Are Paid Nearly Half Million

Wheat, Cattle, Hog and Cotton Bring In Cash

The federal government has distributed nearly a half million dollars among the farmers and stockmen of Randall county through the wheat, cattle, hog and cotton projects during the past year.

Practically all payments have been made under the present contracts of the various allotment plans.

The wheat allotment heads the list in the amount of money that was paid to the farmers. The cattle buying program came next in value to the stockmen. The corn-hog plan came next. Only 32 farmers in Randall county came under the cotton plan, and the amount of payment reached $1,709, with a little more to be added in the near future.

The following are the four items, as compiled by County Agent W. H. Upchurch, as money which was paid to the farmers through his office:

Wheat	$301,285.25
Cattle	139,681.00
Corn Hog	44,047.75
Cotton	1,709.90
Total	$486,723.90

Extra Cash Ready For Saturday in Business Campaign

The largest gathering yet to witness the Saturday afternoon feature of the Chamber of Commerce came Saturday afternoon to the band stand where J. H. Cox, Jr., supervised the cash distribution. He was assisted by D. S. Hill, I. W. Scott and C. A. Hartman.

Added interest is being manifested in each of these Saturday events, and a larger number of people are coming each week to participate in the cash distribution as made each Saturday.

Those who profited last Saturday in the distribution were: Mrs. H. O. Price, Mrs. Pat Baber, Chas. Steen, Mrs. Carl Hair, Mrs. L. A. Cooper, Mrs. Travis Shaw, Fred Schuette, Mrs. N. T. Dickerson.

The amount of cash to be distributed next Saturday is $60, and it is expected that a much larger crowd will be present to participate in this weekly feature. All citizens of Randall county are invited to join in this weekly gathering of the bargains which are offered by the business and professional men of Canyon co-operating with the Canyon Chamber of Commerce.

Miss Jeannette Steen of Sanford was a guest of Miss Erin Gamble last week end.

Summer School Bill Presented in Senate For This Year

Appropriation for the summer session of W. T. has been set by the Senate finance committee at $21,140, according to information from Austin. The appropriation is based upon a per capita of $17.50. This per capita method of calculation was adopted last session by the legislature in allowing the appropriations for all educational institutions.

The amount for the summer session is the same as requested by President J. A. Hill, and is more than allowed last summer.

It is indicated that the legislature will take up this bill in the near future in order that the colleges of the state may know the amount of money that will be available for the coming session this summer.

It is expected that the legislature will start hearings in the near future upon the appropriation recommendations of the Board of Control which were submitted to the legislature last week. Bills have been introduced making the amount of the appropriations the same as allowed the institutions for the past two years.

Harrison Short Is Returned to Face Charge of Slugging

Harrison Short was arrested Friday near Dallas and returned Monday by Deputy Sheriff E. J. Dunn to face the charge of slugging State Highway Patrolman Boyce Long, Dec. 23.

Edward Keel and Hamell Johnson were the other two men charged in this case, both having been found guilty in this session of the district court.

Short denies being with this pair, and states he has never been in Canyon.

His case will be called during this week in the district court.

Buffs Will Meet Central Oklahoma Teachers Friday

The Buffaloes will engage the Central Oklahoma Teachers at Burton Gym Friday and Saturday nights in two games which promise to be thrillers from start to finish.

The Buffs returned from Lubbock yesterday determined to be in the same shape Friday night as they were in the first game against Tech Monday night.

The Oklahoma delegation started the season earlier than did the Buffs, having already engaged in 10 games, five of which were chalked up as wins.

CANYON CLUB DIRECTORS SELECT OFFICERS, 1935

At a meeting of the directors of the Canyon City Club Monday night, the following officers were elected for the coming year:

President, Ross Craig.
Vice President, E. Burroughs.
Secretary, Oscar Gano.

The other four directors are Carl Scott, J. L. Duflot, W. E. Lockhart, and Ed Mickle.

Mrs. J. W. McDaniels and her mother, Mrs. G. F. Volkman returned last Friday from a business trip to Alvord and Fort Worth.

MASONIC LODGE

The regular Masonic lodge meeting will be held tonight at 7:00 o'clock. An educational program will be held. Carl Scott is W. M., and Lige Frieze is secretary.

POLL TAXES LIGHT WITH END PERIOD

Citizens Being Urged to Make Payment of Taxes

END JANUARY 31ST

Auto Plates Ready on The First Day of February

Tax Collector R. N. Barnett received authority this morning to collect delinquent taxes of 1933 and prior years, remitting both penalty and interest. Delinquent taxes may be paid under this provision up to March 15th, 1935.

Taxes for 1934 will become delinquent if not paid by January 31st, 1935, and the penalty and interest will be added.

Just one more week of 1935 tax paying time!

The regular 1935 taxes are being paid at the collecting offices at the court house, but not as fast as the collectors would like to see them come in.

The new tax law to take effect February 8th may have had something to do with the slow process of tax collecting this year. A resolution was passed Tuesday by the legislature urging that the tax collectors accept the delinquent taxes without penalty at once in order to save the counties of the state from financial embarrassment.

One important phase of tax payments has been overlooked by the citizens, that of poll taxes. Only 450 voters have paid their poll tax at the court house. This is an unusually small number considering the fact that there is only one more week's time in which this payment may be made.

It is certain that the legislature will call one or more special elections this year to pass upon constitutional amendments. It is planned to submit the prohibition amendment in July or August. Those who wish to vote on state wide prohibition must have a poll tax receipt before the first of February or they will not be able to vote in this election.

Local Citizens to Send Messages to Pres. Roosevelt

Plans have been completed to send messages to President Roosevelt on his birthday, Jan. 30. The messages will be received at the Canyon post office and will be transmitted by wire.

Each one who signs messages will be charged 25 cents, all of which will be given to the crippled children's relief fund.

Mrs. Frank Giles of Hereford visited relatives and friends here Tuesday.

Missouri Governor Refuses Requisition

Officers Return Without Virgil Johnson on Robbery

The Governor of Missouri refused to grant a requisition from the Governor of Texas for the return of Virgil Johnson to face the indictment for robbery of the First National Bank in this city in January, 1931.

Sheriff Bob Barnett and Assistant District Attorney Bob Underwood presented the requisition of Governor Ferguson to the Missouri Chief Executive only to be refused possession of Johnson. The excuse was made that the Secretary of the State of Texas had failed to sign the papers in one place; and that no witnesses were brought to identify Johnson as being the man wanted for robbery.

Johnson was in jail in Joplin on the charge of carrying concealed weapons. His sentence expired Tuesday, but Sheriff Barnett was unable to take him after the requisition papers were refused by the Missouri chief executive.

Shortly after his release a telegram from Arkansas indicted that Johnson had left Missouri.

The local officers returned home yesterday when they found they were helpless in the case.

The attorney general of Missouri passed upon the requisition, and recommended that it be honored but the governor refused to budge in his stand to allow Johnson to be returned for trial.

It was not long after the indictment was voted by the grand jury here that a lawyer in Joplin called regarding the case, and later called to ascertain what steps were being taken.

Two Get Penitentiary Sentence Dist. Court

Two More Men Brought Back For Trial Today

Two men were given penitentiary sentences in district court this week being charged with assault on Highway Officer Boyce Long just before Christmas. One man plead guilty to the charge, and the other was found guilty by a jury.

Edward Keel plead guilty before Judge E. C. Nelson in this case, both to the indictment of driving a car while intoxicated, and to the charge of assault with intent to murder. He was assessed a penalty of one year in the penitentiary on the first count, and from two to five years in the second count.

Hamil Johnson plead not guilty, and was tried before a jury which found him guilty, assessing the penalty of one year in the penitentiary.

The two men were arrested immediately after Patrolman Long was assaulted and kicked out of a car on the highway at Third Avenue. He had stopped them on the highway north of Canyon and was bringing them into Canyon to face the charge of driving while intoxicated. The men took the officer's gun and beat him over the head with both it and a whiskey bottle which they had in the car.

The third man in the car was finally arrested in Dallas this week, and was returned Monday to face trial today or Friday.

An indictment against Gus Miller was dismissed.

PANHANDLE MEMBER 1933 PRESS ASSOCIATION

The Randall County Library is getting well under way for the 1935 program. The library was made free to the people of the county on January first, but in no sense of the word does the word "free' mean that it is open to the destruction of those who do not take the privileges of a free library seriously. Each and every patron should consider the use of the library as a personal privilege, therefore a personal obligation to see to it that the library is maintained at the highest point of efficiency. Those who abuse the privilege of the library must of consequence suffer as a result of their liberties, for the library belongs to all citizens of the county, rather than alone to those who would abuse the books and the property. It will be a slow building process of assembling all of the books in the library which the people desire to read. This goal can never be reached without a regular county tax to support the library. In the meanwhile, those with the responsibility of operating the library will use their best judgment and seek the advice of citizens interested to operate the library to the best advantage, and build the number of books as rapidly as money available will permit. Donations of books, magazines and cash will greatly assist in making this a real worthwhile institution for the benefit of all people of the county.

Word from Austin has it that the plea for economy is being heard, with the demand that state taxes be reduced. The last legislature reduced the state appropriations to the lowest figures it believed the state could possibly be operated on efficiently. The State Board of Control, while recognizing the increased cost of living, submitted as a recommendation the same appropriations as passed by the last legislature. The legislature may accept this recommendation as a dare from the Board of Control to further reduce the appropriations. The legislature has a habit of doing with appropriations according to its own notion without regard to the findings expressed by the Board of Control. To that extent the existence of the Board of Control is an unnecessary spoke in the wheel of the state machinery. It is to be hoped that the new and untried members of the legislature, the youngest in the history of the state, shall not further embarrass the efficiency of the state government by crippling its institutions. Those who have appeared before the legislature demanding that taxes be further reduced have so far been unable to point to a single function of the state which they would reduce in usefulness.

That the people of Texas are becoming more and more insistent that something be done to enforce the laws of Texas is quite evident by the special message of Governor Allred to the legislature in which he urged reforms of this nature. The law abiding citizens of Texas have a right for protection from the criminal class. The law breakers consist of only 2% of the population, but they require as much tax money as do the 98% of the law abiding citizens of the state. That is all wrong. The criminals have been petted and made heroes of by the sap heads of this nation until law enforcement has almost broken down in every state. If Governor Allred will stay by his declaration to protect society from the criminal element, he will make a good governor, regardless of his other acts while in office. Stand by the law abiding citizens, Governor Allred; it is time that they were given the breaks over and above the criminal element.

Tax paying time will close in just another week. Those who have not paid their taxes should do so at once since there never was a time when the county, schools and state were in greater need of cash. Payment of the poll tax this year is another very important item, which must be done by January 31st. Many people may have conceived the idea that perhaps it would not be necessary to pay their poll tax this year, since it is not regular election year. But in all probability the prohibition repeal election will be held in Texas early in the summer, and perhaps other constitutional amendments will be submitted at that time. Certainly most voters will desire to express their opinion on the repeal of the state prohibition amendment, and should they fail to pay their poll tax, they will be deprived of this privilege. Furthermore, the school fund needs the money from poll tax payments, and certainly there are few citizens of Texas who would deprive the school fund of this money. Those who can possibly do so should pay their taxes before the end of January.

The usual bill to reduce automobile licenses is pending in the legislature. Of course the car owner wishes to get out as easily as possible, since the ownership of an automobile is expensive even at the best. But every car owner who faces the question fairly will realize that only by good roads does he prolong the life of his machine, and reduce the operating expenses of the car. To reduce the car license fee before Texas has an adequate system of highways is simply kidding the car owners by putting money in the right pocket just to take an equal amount or more out of the left. Good highways are the cheapest investment that the automobile owners may make. Law makers who believe they are doing their constitutents a favor by reducing the highway building and maintenance funds are not aware of the results.

Funny how an impossible and impracticable plan like the Townsend old age pension will sweep the nation when it is believed that Uncle Sam will foot the bill. But now that it is indicated that the old age pension will be reduced to $30 or $40 per month, and may be turned over to the states, much of the enthusiasm is over. Uncle Sam has played Santa Claus for three years until nearly every one wants to get his hand in the pockets of our wonderful Uncle. Unemployment insurance, supported by the workers, the employers and the government, is much more important and necessary than old age pensions, excepting for those who are disabled and unable to work. In this latter instance, the old age pension is the most practical method of handling a serious problem.

A Chamber of Commerce is a most necessary organization in any community. Sometimes a Chamber of Commerce becomes a glorified band of community liars, but in the case of Canyon, your Chamber of Commerce has been engaged in a safe, sane, progressive program of community development which probably would never have been accomplished had it not been for this organization of unselfish men and women. Money invested in the Chamber of Commerce work has been carefuly invested by the officers and directors in useful projects for the good of the community. There is much ahead that should be undertaken and accomplished by your Chamber of Commerce. Every citizen of Canyon should be an active and financial supporter to this worthy enterprise.

Tut, tut, State Press; and tush, tush, Mrs. Rountree of the Bryan Eagle. You both of you, individually and collectively, are all wet when it comes to women Justice of the Peace. You state that a certain woman down in Robertson county is the only J .P. in the state of Texas, having been recently appointed to the job. Right here in Randall county we have had a woman J. P. for so long that the novelty has worn off months and months ago. Furthermore, the woman J. P. was a candidate for re-election in last July's primary without opposition. Unless State Press and Mrs. Rountree can dig up more ancient history, Randall county still lays claim to the first woman J. P. in Texas.

What shall we do to overcome the increasing number of car accidents? This increasing problem is being considered seriously in legislative halls, but no adequate solution seems to be in sight. The most practical solution would be to forbid the manufacture of cars which would run at a higher speed than 45 or 50 miles per hour. So long as cars are made and sold which will travel at 80 to 100 miles per hour on our inadequate and crowded highway system, so long will accidents increase. The automobile, a wonderful machine for the convenience and pleasure of mankind, becomes an engine of death and destruction in the hands of those not capable of careful driving.

You will desire to vote on the repeal of Texas prohibition amendment during 1935. You must pay your poll tax on or before January 31st if you wish to vote.

Education Gathering Will Be Held Here on March 22 and 23

The Northwest Texas Educational Conference will be held here March 22 and 23, according to announcement made by Dr. J. A. Hill. "Curriculum Revision" will be the theme this year as it was of the conference last year.

Although the program has not been definitely worked out, a number of speakers, most of them distinguished educators, have been secured. Among them is Dr. Harry Scott of Rice, who is one of the best authorities on physical education in America. Dr. Fred Ayer, of the University of Texas, will also be one of the speakers. Dr. Ayer will be remembered from last year; he is an outstanding authority on curriculum construction. Other speakers will be Superintendent L. A. Woods, Dr. Earl Rugg of Greeley, Colorado, State Teachers College, Dr. Bradford Knapp, president of Texas Technological College, and several others about whom definite announcement cannot now be made. The inspirational speaker of the conference is Dr. Edwin Mims of Vanderbilt University. Dr. Hill has described him as being one of the most charming and stimulating speakers.

There will be several divisions of the meeting; there will be special groups for superintendents and principals, high school teachers, elementary grade teachers, physical and health education instructors, and the probability is that there will be a special group meeting devoted to rural education. Superintendent C. H. Dillehay of Hereford is president of the Conference.

"The program will be made to appeal not only to teachers but to citizens who are interested in social reconstruction. We are especially urging P. T. A. members, women's clubs, civic clubs, school boards and people of that type to attend, and we hope that we will have something that will pay them to come," said Dr. J. A. Hill about the conference.

At the same time the Educational Conference is carried on, there will be a District P. T. A. meeting convening here which will overlap the convention. The P. T. A. meet starts two days ahead of the conference and will last through March 22.

New Athletic Plant Is Rapidly Materializing With C. W. A. Aid

Boys Here Get All Types Of Training

The Campus of the West Texas State Teachers College is fast resembling a quarry, mine, or construction camp with stacks of natural rock, piles of dirt, men, mules, trucks and cars scattered all over the campus.

An army of workmen are converting the scholarly campus into a scene of busy activity with ten trucks and three teams adding to the atmosphere.

Coach Al Baggett obtained 106 CWA workers to aid him in the completion of his several projects.

Emphasis just at present is being placed on the completion of the bleachers on the west side of the gymnasium, erection of the handball court, and the boxing and wrestling rooms under the bleachers.

One thousand yards of top soil are being hauled and scattered around the Buffalo Courts to enable grass and flowers to be planted to beautify the grounds. Three thousand yards of clay and caliche are being hauled to build a caliche road to the Buffalo Courts.

With the CWA workers and the force of boys already at work, approximately 150 men are speeding the completion of the projects.

Three thousand yards of rock are being hauled and prepared for facing of the field house with the natural rock, the erection of a rock fence in front of the gymnasium.

Preparations are under way for the leveling, filling, and the pouring of concrete on four new tennis courts.

Work has already begun on the sunken garden north of the Buffalo Courts. In this garden there will be flowers, plants, and cacti of all varieties in the Panhandle of Texas.

In the center of the sunken garden will be erected a large rock fountain constructed of peculiar formations of petrified wood, formations from Hot Springs, Arkansas, and Carlsbad Cavern, and queerly formed rock obtained from the Rock Quarry. The fountain will be lighted with electric lights, and the reflection from the varied colored rocks and formations will be a beautiful sight to behold.

Because the work has gone so slowly on the five completed units of the Buffalo Courts, Mr. Baggett's hopes seemed to be in the future; but with the securing of the CWA labor, these hopes are materializing in the present, and with the completion of these projects the beauty of the already beautiful W. T. S. T. C. campus will be added to.

The boys working in the Physical Education Department of W. T. S. T. C. will have a great chance of finding their respective places in the world when they graduate from this institution of learning. We have skilled workers in our laundry; dieticians and waiters for our training table; secretaries, timekeepers, and straw bosses for our new project; sports writers student coaches of basketball, boxing and tumbling; rock masons, truck drivers, mule "skinners," wheelbarrow pushers, carpenters, janitors, concrete workers, blacksmiths, and coaches. All the above teamed with school teaching should find the graduate a position.

Local Teachers Attend Spanish Meeting Jan. 12

Miss Agnes Charlton, Miss Mary E. Hudspeth, Mrs. Tommie Montfort, and Miss Jewel Foster attended the meeting of Llano Estacado, local chapter of the American Association of Teachers of Spanish which was held at Plainview, January 12th.

In a round-table discussion led by Miss Cora Russell of Amarillo High School, curriculum revision was the chief subject.

Miss Hudspeth gave a report of her trip to the National meeting of the organization held at Austin during the holidays.

Approximately twenty-five teachers of Spanish from various points over the Panhandle section were present at the meeting.

New Field Of Fossils Being Excavated Now

Excavation of a new field of fossils has just begun in Donley County near Clarendon. Will Chamberlain, amateur paleontologist and archaeologist, is supervising the work which is a CWA project. He is being assisted by Professors C. Stuart Johnston, L. F. Sheffy, and by Floyd V. Studer of Amarillo.

Mr. Johnston was over to the field Friday to start the work, and reports that excavations probably will net the museum here a tremendous amount of material. It is believed that a month's work will give at least a truck load of fossils. These will include several varieties of horses, mastodons rhinoceros, turtles, and other animals. This is an especially fine field because of the excellent condition of the specimens.

The discovery of this material will make possible two things: first it will provide exhibits for the museum. There will be enough duplicates of many of these things so that they can exchange with other museums and a greater variety may be secured. Second, there will be enough material so that students here can have laboratory practice in preparing materials for exhibit.

It is probable that other projects similar to this will be begun soon in several other Panhandle counties.

Dr. Bumpus Was Pleased With the Regional Museum

Dr. Bumpus, who is an inspector of the United States Park Service, spent Wednesday afternoon in the museum. He was formerly curator of the Museum of Natural History in New York City.

Dr. Bumpus said that he thought the Panhandle-Plains Historical Museum Building one of the most beautiful that he has seen. As he came up the street and saw the building he realized it gave tone to the entire town. He was even more delighted with the inside. He mentioned that this museum was unusually clean and uncluttered and well kept. He was especially pleased with the murals because he said that besides giving beauty to the building they gave to casual visitors an idea concerning the early history of this region that would not be secured in any other way.

EDGETOWN H. D. CLUB HAS HOBO PARTY

The Edgetown Club met with Mrs. F. M. Brazil on Jan. 18, for a covered dish luncheon and all-day quilting. Eleven members were present and one guest, Mrs. R. L. Campbell.

On the evening of Jan. 19, the club members, their friends, and families, assembled at the home of Mr. and Mrs. J. M. Spencer for a gay time, clad as hoboes. Patches and rags were the vogue of the evening. Games of all sorts and fortune telling provided entertainment for those present. Music was the feature entertainment of the evening. Those playing were Bud Rusk, W. N. Gordy, G. H. Hardman, H. C. Roffey, Mrs. W. B. Weddington, T. S. Furlow and son.

A regular hobo's handout of beans, onions, potatoes, cornbread, pickles and black coffee was served to the following guests: Mr. and Mrs. G. H. Hardman and children, Mrs. D. E. Phillips and children, Mr. and Mrs. A. R. Speck and family, T. S. Furlow and son, Bud Rusk, Mr. and Mrs. Henry Cone and children, Mrs. W. B. Weddington and baby, Mr. and Mrs. M. N. Gordy, Mr. and Mrs. J. L. Williamson and baby, Mrs. E. C. Hawes, Mr. and Mrs. C. S. Sanford, R. W. Foster and grand daughters, Miss Pat Holland, Mrs. Marsh and two children, H. C. Roffey, Mr. and Mrs. W. T. Davis and family, Mr and Mrs. F. M. Brazil and family, Mr. and Mrs. L. G. Campbell and family, Tom Newton, Mr. and Mrs. J. I. Ballengee, Carl and Hugh Fox, John, Joe and David Morris.

QUILTING PARTY GIVEN BY MRS. ARTHUR OLSON

Last Thursday afternoon Mrs. Arthur Olson gave a quilting party at her home north of Canyon.

Much time was spent in talking of a club organization for the group assembled.

Refreshments of angel food cake and punch were served to the following guests: Mrs. Glenn Costley, Mrs. Fred Fegel, Mrs. Harley Burrus, Mrs. John Dickinson, Mrs. Albert Byars, Mrs. Tom Lair, Mrs. Tom Gerald and the hostess.

ZONE MEETING OF METHODIST MISSIONARIES

The Woman's Missionary Society of the Methodist Church Zone meeting held here last Wednesday, Jan. 16, was quite successful in every way, according to those in charge.

At the noon hour a covered dish luncheon was served to the 160 ladies attending the meeting. The dining room was made attractive by the floral decorations furnished by the Canyon Flower Shop.

The Theme for the entire program was "Co-operation and Correlation," with the morning session opening with a Devotional led by Mrs. J. O. Haymes, followed by a vocal duet by Mrs. Myrta Crume and Mrs. I. D. Cole of Amadrillo. A discussion on "Correlating Our Plans," was directed by Mrs. R. N. Huckabee, followed by a vocal solo given by Mrs. D. A. Nicholas.

Miss Mary Moss Richardson opened the afternoon session with the welcome address. The response was given by Mrs. E. R. Jacobson. Mrs. R. I. Graves directed the afternoon program and business meeting, and which time Mrs. Clyde McElroy of Canyon was elected District Secretary.

The next Zone meeting will be held at Claude some time in June.

MISS HELEN WHITTENBURG BIRTHDAY TUESDAY

Many little friends of Miss Helen Whittenburg gathered at the Whittenburg home Tuesday afternoon to help Miss Helen celebrate her thirteenth birthday.

The guests presented the honoree with many lovely gifts and various parlor games were entered into with enthusiasm.

A Modern 'Man in the Iron Mask' Is Bruno Hauptmann During Murder Trial

SOME idea of the task archeologists face in attempting to wrest secrets from the Sphinx has probably occurred recently to investigators and the prosecution in the Lindbergh case. They have had to deal with a human Sphinx.

Only an Indian, an Oriental, or a stoic of olden times could have matched the remarkable stolidity displayed by Bruno Hauptmann since his arrest last September. To the police, to his prosecutors, and to a wondering audience in the little Flemington, N. J., courtroom, he has proved a big question mark.

What secrets lay hidden behind that mask-like countenance, in which only deep-sunken eyes seemed alive? What grim memories were locked behind that armor of reserve? Would his stubborn mien yield before the battering-ram of the prosecution's testimony? Only time would tell.

• • •

FREQUENTLY, Hauptmann leaned over and spoke to his wife, Anna. But there was no change of expression. The sole topic of these brief interludes, it appears, was their chunky, curly-haired son, Manfried.

Several times Bruno was stung into momentary activity. When Cab Driver Joseph Pirrone placed his hand on the accused's shoulder and said, "This is the man (who paid Pirrone to deliver a note to Dr. John F. 'Jafsie' Condon shortly after the kidnaping)," Hauptmann muttered thickly, "You're a liar."

And again, when Mandus Hochmuth, aged Prussian army veteran and Hopewell resident, pointed to Hauptmann as the man he had seen in the region of the Lingbergh home about the time of the kidnaping, Hauptmann mumbled, "The old man is crazy."

Now and then the accused held a brief whispered colloquy with his chief counsel, Edward J. Reilly; but only, a moment later, to don again his cloak of imperturbability.

• • •

HAUPTMANN'S only rival in the matter of reserve was the father of the boy he was accused of slaying. Not even when he entered the accused's presence did Colonel Lindbergh's expression change; nor when Attorney General Wilentz described the piteous end of his ill-fated child.

But, despite his lack of emotion, the "Lone Eagle's" alert demeanor and interest in every new development contrasted sharply with Hauptmann's sullenness.

Thin, tightly pressed lips, skin drawn taut over high cheekbones, and piercing eyes which seem singularly alive in an immobile countenance — that's the taciturn "mask" presented to Bruno Hauptmann to the world during his trial for the Lindbergh baby murder.

During the brief role she played in the grim drama, Mrs. Lindbergh maintained her composure with a great display of courage.

It was only during the moving, graphic recital of what must have befallen her baby that dark night three years ago, that she showed signs of faltering.

But a few tears were all that betrayed the pain of an old wound reopened, as her dainty form moved from the witness stand.

Early in the trial, the fourth principal, Mrs. Anna Hauptmann, bore herself cheerfully and bravely. But as the prosecution slowly drew its net about her husband, her spirits lowered.

Lines of worry appeared on her countenance, to vanish momentarily during her brief, intimate talks with her accused mate.

Harris M. Cook Discusses Service of Rotary

Harris M. Cook, chairman of the Community Service Committee, discussed the work of the club at the regular luncheon Tuesday. In telling why he appreciated Rotary the speaker summed up three outstanding characteristics: Its principles, personnel, and service that it renders.

In analysing the principles, Mr. Cook found that the six objectives of Rotary are on a high moral and intellectual plane. That the principles include the understanding not only of those in the immediate club, but likewise of all nations of the earth.

From the standpoint of the personnel, the Rotary club is a cross section of the entire community, embracing men of every profession and line of business. It is not dominated by any group. Its friendships are based upon the diversity of interest as expressed in the interest of the various professions.

Its achievements have been worth while. It has created a new order of thinking among men, that they are a part of a vocation, a part of a community, a part of the world. It has developed the idea of stability of government as opposed to radicalism. It is investing in the nation's greatest asset—the youth of this nation. It is assisting in the development of the greater citizenship. It is developing greater social leaders.

Visitors were: H. B. Lautz, Arthur Osgood, C. R. McAfee, W. A. McIntosh, Fred Brien and Grady Hazelwood of Amarillo; Dr. A. M. Meyer of Canyon.

Wayside Items

Zero weather, yes several degrees below. Sunday night was severe Saturday unusually pleasant winter day.

No school Monday. Suppose it was on account of the severe cold.

PARK H. D. CLUB WITH MRS. L. A. PITT

The Park Home Demonstration Club held its regular meeting Jan. 17th, in the home of Mrs. L. A. Pitt, 1401 Gables, Amarillo. Roll call was answered by each member present giving her experience with "renewing" old furniture. It was voted to make better use of the club library, by permitting the members to take material home with them and to be held responsible for it until the next meeting when it is to be returned. Libraries are useless if only the librarian knows what it contains, so let's all the members use it.

The meat canning demonstration will be held Jan. 24, at the W. E. Bennett home. The men are especially invited, for County Agent W. H. Upchurch will be there to demonstrate the "cutting up" of the animal to be canned and to assist with the further demonstrations. Be there at 9 o'clock.

There were twelve members and two guests present. The guests were: Mrs. Bonnie Pitt and Mrs. B. F. McMahan. Members present were Mesdames: Hostess L. A. Pitt, John Coburn, D. D. Vaughn, E. W. Armstrong, W. E. Bennett, Ivan Pitt, Mary Simon, A. H. Simon, Herrick Simon, Frank Winters, J. E. Park, James Eddie Park.

SATURDAY!

The second month of the Chamber of Commerce special business campaign will come to a close next Saturday, the last Saturday in January.

The 64 business and professional firms of Canyon who have sponsored this special Trades Campaign are highly grateful to the people of Randall county for having made this campaign a success.

You are urged to be in Canyon again next Saturday when the regular cash distribution takes place at 3:00 o'clock. Announcements will then be made as to the future of the campaign.

Those who have been trading in Canyon during this special campaign have found it very much to their advantage to patronize those firms who are enlisted in this movement, and who are sponsoring and backing the Chamber of Commerce in this cash distribution plan.

Come next Saturday and participate in this big offering. The business houses of Canyon who are co-operating in this movement are offering unusual bargains in order to make it worth your time to come to Canyon on this date.

Come Early!

THE EAGLE'S TALE

VOLUME NO. 9 CANYON, TEXAS, JANUARY 24, 1935. NUMBER 19

You may wonder why this is written in such good English. Well, I'll tell you. The kids up at school have consented to correct all my letters before they take them to the news office. I guess that's pretty nice of them, eh?

What's this I hear about everybody going hay-wire over skating? Why, even a bunch of kids went on a skating party, the other night, and the next day most of them couldn't sit down very comfortably. I'd advise them to wear two pairs of skates the next time they go skating.

Isn't it just like this old Panhandle to have such sandstorms that you can't see your face behind your hand—I mean your hand before your face. This bathing every two or three days sure is hard on me, and besides all that it's expensive, that is if you use soap, and dern near have to to get the dirt out of all the cracks.

I thought sure the world was coming to an end the other day, but Miriah has studied lots of science and she said that she thought it was just an eclipse. Anyway, I kinda prayed a little prayer all to myself, (so nobody wouldn't think I was scared).

Several of the kids have been telling me how strict the teachers are getting since Xmas, and I honestly believe it's so. I guess they just wanted to be good to the kids until Xmas, so they would give them a Xmas present. Since Mr. Jones got that three pound box of candy from Carolyn and Mary, I've heard that he's sure been grouchy. Why, Carolyn even quit the class. Well, so much for the teachers.

Your pal,
Cactus Cal.

WHY NOT BACK THE EAGLES?

Last week end one of the snappiest basketball games of the season was played in the grade school gym. How many were there out to see it? Not more than a handful, and the Dimmitt teams got as much support from the sidelines as the Eagles did. It was not from Canyon people, no, but from Dimmitt people who come all the way from Dimmitt to support their teams.

What do visitors who come here to play ball or see the ball games think of the way Canyon supports its school and the school's activities, for basketball is one of the school's activities?

Everywhere the ball teams have gone, the gym has been packed, even in towns much smaller than Canyon. Why don't Canyon people pack their gym and support their teams? This school is yours and these ball teams are yours; so, why not come out and help them win? Pack that gym Friday night, and see how those teams snap out of it and win. The admission to the game isn't much; the change will do you good; and it will be a real treat for the teams; so, be there and support the Eagles.

CANYON CAGERS LOSE GAMES ON HEREFORD GYM

BOYS LOSE 22-13; GIRLS LOSE BY SCORE OF 25-19; TWO EAGLETTES UNABLE TO PLAY

The Canyon High School Basketeers dropped a game each to the boys and girls of Hereford on the Hereford Court Friday night. The boys lost by a score of 22 to 13, and the girls lost by a score of 25 to 19.

Game Close

The boys' game was close thruout, and the score at the half was 14 to 7, in favor of Hereford; the Eagles were able to hold their opponents to four points in the last half.

The Eagles were unable to stop the fast breaking tactics of the Whitefaces until Wesley Cox, Eagle guard, took his place under the Eagle basket.

Clayton, of Hereford, received high point honors with a total of 9 points and was followed close behind by his team mate, Russell, who accounted for 8 of his team's point.

Girls Lose

The girls lost by a score of 25 to 19; the Hereford girls were able to keep the lead all during the game. Two of the Canyon forwards Kirkpatrick and Slack were unable to play.

Schmitz, Eaglett scoring ace, took scoring honors.

First Grade Gives Play As Project

The First Grade has been studying farm projects for the last few weeks. As a final project, they gave a play for the mothers. The following program was given:

At The Farm

Name	By
The Farmer	Elva J. Anderson
At the Farm	Oulda Matthews
Six Little Pigs	Class
The Cow	H. A. Mahle
Riders Song	Evelyn Vickery, Earl Gene Peppard
The Friendly Cow	Reba Lindsey
Piggie Wig	Class
What we saw at farm	Margaret Chain
Picture Stories	Elva J. Anderson
The Farmer's Work	Travis Montgomery
The Girl	Lorena Rose
Corn Soldiers	Class

The following mothers were present: Mrs. J. L. Ward, Mrs. Amy Montgomery, Mrs. O. I. Smith, Mrs. L. H. Anderson, Mrs. Slayton.

Young Hick-Hikers Learn Vagabond Art

"Oh, give me the road, the great winding highway."

Children like elders!

Hitch-hiking seems to be the fad again! Only students can hitch-hike now, according to law. Students of the public schools have taken up the idea.

Friday morning, a senior was riding to school. To his right stood two small first grade boys. Dressed in latest style, but looking a little tired, the boys wearily stuck up their thumb and said in hitch-hike style, "We want a ride to school. We are students."

AGRICULTURE ATTRACTS 24 C. H. S. STUDENTS

Agriculture attracts the attention of 24 high school students. George Gandy of the College is teaching the class.

George Gandy began teaching the agriculture class this year with 5 seniors, 17 sophomores, and 2 freshmen. The first half of the book, "The New Agriculture," is being taught.

The agriculture class is under the supervision of Mr. Frank R. Phillips, head of the agriculture department of the College.

ETIQUETTE

Q. When a person begins coughing before others, what should he do?

A. He should place his handkerchief over his mouth in order to muffle the sound and prevent disease spreading.

Q. May one put elbows on the dinner table?

A. Never while eating; it is permissable between courses or while lingering over after dinner coffee.

Q. When a girl drops any article while at school, should a boy pick it up for her?

A. It is not necessary, but it is good form to do so.

Inez Drummond, former student of Canyon High School is reported recovering from an operation in Northwest Texas Hospital.

Groom Cagers To Play In Canyon Gymnasium Friday

Friday night the Groom cagers will invade the locals' gymnasium, where they hope to even the series with the Eagles, the Eagles having won the first encounter at Groom, Jan. 4, by a close score of 11 to 9. The girls also managed to get the long end of a 23 to 18 score.

This will be interesting and thrill-packed game, because both the boys and girls from the northeastern town have good teams, and should not be scoffed at.

Saturday night, the two Eagles' squads will journey to Vega, to play a matched game with the Vega cagers. The Eagle hoopsters will endeavor to continue their winning from the two Vega teams. The boys won by an overwhelming score of 19 to 5, and the girls were the victors by the score of 19 to 14.

The following week the Eagles teams will entertain the lads and lassies from Hereford.

Junior Band Making Progress, According to Strain, Director

Canyon High School's Junior Band, which consists of 42 members, is making good progress, according to H. S. Strain, director of the band who hopes the band members will make "real" music soon.

Mr. Strain wants the parents to encourage their children who are playing in the band. There is no charge for new members to join, and if there are enough new members, a new class will be formed. The parents of the children are cordially invited to attend the band practice at any time they wish. These practices are held at 8:30 a. m. on Tuesday and Friday in the music room in the grade school

CLARK ILL WITH FLU

Miss Grace Clark, teacher of mathematics in the high school, was absent from school Monday due to a case of influenza.

Mrs. John Davis, arithmetic teacher in the grades, took Miss Clark's place. Mrs. Aubrey Fox took Mrs. Davis' place in the grade school.

Bob Orton, Mary Catherine Wirt, John B. Pope, III, Jean Slack, Lorenzo Wirt and Beulah Brasuel went to the ball game at Hereford Friday night.

Miss Jewell Foster spent the week end in Dumas.

Bertie Bell Culp of Happy visited Arneta Kirkpatrick last week.

Faye Plaster was in Amarillo Friday.

Statistics on Canyon high school's two basketball teams are as follows: The Eagles have won four games out of seven; winning over Groom, Vega, Buchanan, Junior High School of Amarillo, and Dimmitt. They lost to Tulia, Happy, and Hereford by small margins. The Eagles are expecting to win the remaining games on their schedule.

The Eaglettes have split victories with their opponents winning three and losing three. The girls won over Tulia, Groom and Vega; and dropped to the lassies from Happy, Hereford, and Dimmitt.

The girls have showed remarkable improvement according to the comments from the fans.

The tallest man on the Eagles squad, Lawrence Fulton, causes his opponents much grief and worry, by the capable manner in which he handles the ball under the goal, as well as on the tip-off.

Wesley Cox, stationary guard, may not receive many scoring honors, but he is one of the best defensive men in this part of the district.

Mary Collins, sophomore, is a guard, on the fair sex's sextet, and is due much credit for her defensive work. Ask the Dimmitt girls.

Why don't you basketball rooters come and see a real ball game next Friday, when the two C. H. S. teams tangle with Groom?

Extracts From The Exchange

This week's Exchange Column could be dedicated to the want-to-be-popular students of the school, but as it has general bit of information, everybody had better read it. It is from the "Abilene Battery" and first lists the pet aversions of the fairer sex.

Boys who:
Don't wear sox.
Fairly drip hair oil.
Have such primitive instincts as to act like cave men.
Wear unpressed pants.
Can't dance.
Have unbuttoned collars plus a droopy neck tie.
Have that anything-you-say and it's up-to-you attitude.
Writes essays and poetry without any point.
Think they look debonair in "tired" hats.

The pet aversions of the strong sex are listed as:
Girls who:
Use paint until they look like Indian warriors.
Chew so fast that their words sound like pops on an automobile exhaust.
Are always hinting to be taken some place.
Always say, "Gee, isn't the floor slick," little realizing that they are dancing on some one's new shine.
Try to tell a joke and forget all but the laugh and how funny it was.
Dye their hair blond and paint their eyebrows black.
Always look at themselves in a mirror.
Just run their legs off after "that tall dark an' handsome so-and-so."

Take heed; grade yourself by this test.

'Lil Oswalda an' 'lil Hezzekiah went out to play baseball one day. 'Lil Hezzekiah got the ball and batted and batted and batted it and finally he batted it where he couldn't find it. 'Lil Oswalda laughed and laughed and laughed cause she saw it fly through Mrs. Plushbottom's parlor window.

FIVE SUBJECTS ARE ADDED FOR LAST SEMESTER

COMMERCIAL ARITHMETIC, COMMERCIAL GEOGRAPHY, ENGLISH, HISTORY, COMMERCIAL LAW, AND AGRICULTURE ARE ADDED

Five new subjects have been added to the curriculum for this last semester. Commercial Geography, a study of what man raises, and English History are being taught by Supt. I. B. Carruth. Prin. John B. Pope teaches Commercial Law, and George Gandy, student of W. T., is now teaching the first half of an agriculture course. Grace M. Clark will teach commercial arithmetic.

O. T. Barker will take over Mr Pope's class of Junior Business Training. Geometry has been changed from the fifth to the fourth period so that Miss Clark can teach Commercial Arithmetic.

C.H.S. Debate Club Asked To Tourney at Lubbock, Feb. 9

Canyon High School's Debate Club received a card from J. W. Reid, Lubbock High School debate coach, inviting a boys' team, a girls' team and the debate coach to attend a round robin debate in Lubbock, Feb. 8 and 9. The following towns are invited: San Antonio, Big Spring, Amarillo, Abilene, Pampa, Memphis, Childress, Sweetwater and San Angelo. Mr Pope, Canyon High School debate instructor, plans to take one boys' team and one girls' team and attend the tournament.

The question for debate this year is, Resolved, the United States should own and operate all public light and power utilities. The debate club of Canyon High School organized in December, with Robert Orton as president of the club. The club has encountered Hereford one time in a practice debate without judges. This will be the first official tournament the club has entered.

Meyer Addresses Parent-Teachers at Meeting Thurs.

"Safeguarding the Child's Physical and Mental Welfare" was discussed by Dr. A. M. Meyer, professor of Education at W. T. S. T. C. at the P. T. A. meeting last Thursday.

Mrs. W. H. Stroud led the devotional.

Two thrift plays were presented by the fifth grades.

Dr. Meyer challenged the parents to closer association with their children.

"Good parents must be people in whom children may become interested and retain that interest in later life," he said. "Every child has a right to be well born;" Dr. Meyer quoted from Oliver Wendall Holmes: Many children are born ill; some acquire illness; others have illness thrust upon them, he commented.

The speaker said that every child should have a complete physical examination before he starts to school. Many defects seem only minor at first but can develop into major illnesses if not corrected, he stressed.

"If an individual is not torn by physical pain, he will be an optimist," Dr. Meyer said. "Life is made up of conflicts necessary to growth," he added.

Some one must lead the way over difficult places. No child wants to be driven; most of them respond when asked, he added.

In conclusion, Dr. Meyer gave two principal points in the safeguarding of the child. They were: Study to understand the child, analyze the child.

How Many Hamburgers In Mile and Half

How'd you like to spread the mustard on a line of hamburgers a mile and a half long, or a hamburger flagpole about three and one half times as tall as the Empire State Building?

Canyon High School students consumed approximately 24,000 hamburgers during the time that W. H. Stroud has managed the school store.

Now, if sixteen oranges make a quart of juice, how many glasses of orange juice would Mr. Stroud have sold?

Since we know no Canyon High student has possibly been educated long enough to figure that Jonah, nor could even the workers of home work themselves do much better, it is precisely 16,000 glasses!

Harriman Speaks To Assembly On Building Names

"A good name is rather to be chosen than great riches, and loving favor rather than silver and gold," was the subject on which the Rev. Mr. Harriman expressed the opinion that much time and interest should be taken in building a name. He also said that a name would follow you where ever you go.

When a spot is put upon the name it cannot be removed; it always leaves an ugly spot, Rev. Harriman said.

Football and basketball teams make a name far the school; therefore the players should strive to make a good name for the school, not only in making a good score, but also a good name in sportsmanship, he stressed.

Rev. Harriman closed his talk by the thought, "Make a greater name for yourself, and ever ring true to everything grand, holy, and noble."

So There's One Thing Girls Can't Describe!

"Here's a bug!" exclaimed a feminine voice.

"Oh, let me look," implored another, while a blonde head bent over an instrument on the desk. "It's moving and—and—look—it has hair and—it's slimy and transparent."

Breathlessly every girl was trying to explain the sort of "bug" "worm," or "crawly" things they saw in the little glass. But in vain, none could say just what would make another understand. They resembled the four blind men, trying to explain what the elephant was like each being partly right, yet all being in the wrong.

Massed together between two small pieces of glass, many little, live things moved around in the liquid of some moss, unconscious of the anxious eyes watching them through the microscope in the science laboratory.

Excitedly another voice broke the minute of silence, "I've found a worm, too!" Eagerly, all grabbed again for another look.

ABSENCE AND TARDY LIST INCREASE DUE TO WEATHER

As a result of the extremely cold weather, more pupils of Canyon High School were absent or tardy Monday, Jan. 21, than any other day this school year.

There was approximately one third of the pupils absent or tardy.

EAGLES DEFEAT DIMMITT 20-16 HERE SATURDAY

GIRLS LOSE TO DIMMITT BOBBIES BY SCORE OF 22-14; SCORE TIED AT HALF

The Eagle quintet defeated the Dimmitt Bobcats Saturday night in a fast game that ended with a score of 20 to 16.

The Eagles took the lead at the outset and managed to keep the big end of the score throughout the game; the squad showed much improvement over previous games.

Tie For High Point

Marlar of Dimmitt and Solomon tied for high score honors with eight points to their credit.

The Eagles will be the guests of the Bobcats in a return game at Dimmitt, Feb. 15.

Eaglettes Defeated

The Eaglettes dropped to the Dimmitt sextet by a score of 22 to 14. The game was close until late in the final half when the Bobbies began to find the basket, despite the desperate efforts of the Canyon guards.

Waggoner, Bobbie forward, was high scorer of the game with 14 points, and Schmitz followed with 12 points.

The Eaglettes were leading by a 1 point margin at the close of the first period, and the score at the half was 7 to 7.

Softball Becomes Outstanding Sport

Softball, for girls, is rapidly becoming an outstanding sport in Canyon High School. The games are being played in the gymnasium every day at 12:30.

The interest was started through baseball, when an important game was scheduled and it was impossible to play out doors because of rain and mud. Thus the game was played inside the gym and found to be very entertaining.

The schedules are being worked out every week by Winnie Dee Hicks, who is manager in the absence of Miss Lois Goodrich.

Fifth Grade Gives Play at P. T. A.

The 5A and 5Bhelped with the program for the Parent-Teachers Association with two plays.

Five-A gave a play entitled "Old Man Spendthrift," the characters were: Harry Woods, Bradford Black, E. W. Woods, Katy Jean Black, Claribel Newberry, and Jessie Bewley.

"In the Days of Franklin," was given by the 5B. The characters taking part were: Margaret Hicks, Edith Neff, Lewis Clounch, Doris Ball, Mattie Ruth Devenport, and Dean Nicholas.

The 5A and 5B have been making interesting history projects on the life in the middle colonies.

They have been making soap and wood carvings, and booklets and posters on that subject.

Five-A won the prize at P. T. A. for having the most parents present.

Pontiac Autos Being Shown By Bishir Auto Co.

The new 1935 Pontiac was placed on display in Canyon Friday by the M. S. Bishir Auto Co. Hundreds of people have visited the show room and admired the car during the past week. Mr. Bishir is a pioneer automobile mechanic in Canyon, and chose the Pontiac when he entered the field as an automobile distributor.

That the Pontiac Motor Company will build more than twice as many cars by the end of January as it did up to the same time a year ago and that it may produce for domestic sales as many cars by the last of April as it did all of last year is the optimistic forecast that was made by A. W. L. Gilpin, vice president and general sales manager of the company.

Mr. Gilpin predicted that by the end of this month over 18,000 new Pontiacs will have been built compared to 7,700 a year ago, and pointed out that there are 25% more men on the factory payroll than last year at this time, with further increases expected by the end of the month.

"One quarter of our dealers have ordered more new Pontiacs for the first three months than all of our dealers did for that period last year," said Mr. Gilpin, "and if we had the cars I am convinced we could ship 30,000 of them today.

"I have just received a wire from New York giving the sales at the New York auto show up to Thursday night. They were 218 against a total for the same period at last year's show of 121, which is concrete illustration of the kind of public reception that is breaking production records at Pontiac.

"I have just returned from Cincinnati and our dealers there have sold more than half as many cars as they sold all of last year. Pressure is coming from all parts of the country for immediate shipments of cars. This includes the rural communities as well as the cities of all sizes. I do not believe that dealers ever made stronger demands for cars during the old boom days of 1927, 28 and 29 than they are making right now.

"Some country dealers already sold more cars than they did during all of last year. This is due in a large degree, of course, to the introduction of the new and lower priced six cylinder lines of Pontiacs which fit the size of the rural pocketbook. And, in this connection, I believe that there will be more buying in rural territories this year than there has been for five or six years.

"Naturally, we are highly pleased with the unanimous acclaim that the public has given our new lines, but the thing that is most pleasing is that this demand is coming from north, south, east and west, and from the large and the small communities, thus indicating a great increase in the demand for motor cars and a marked improvement in general business conditions all over the country."

Eyestrain

When people who think intelligently, suspect that they are suffering from eye-strain they do not buy a pair of glasses merely for the amount of glass and metal in them, because they realize that the chief value in a pair of glasses lies in the skill and ability of the one who examines the eyes, writes the prescription and prepares the glasses. YOUR EYESIGHT IS WORTH A MILLION DOLLARS. A thorough eye examination and the right kind of glasses, if worn in time, will oft-times help save eyesight. All the glasses in the world will not restore it.

WHEN YOU CONSIDER HAVING AN EYE EXAMINATION investigate the reputation, qualifications and ability of the one whom you choose to care for A MILLION DOLLAR PAIR OF EYES.

We offer you the advantage of 25 years' actual every day experience, during which time we have kept up with all the latest development relative to scientific eye examination, together with a modernly equipped establishment where you may have your eyes thoroughly examined without the use of drugs. If glasses are required they are made under our personal supervision to meet your individual requirements.

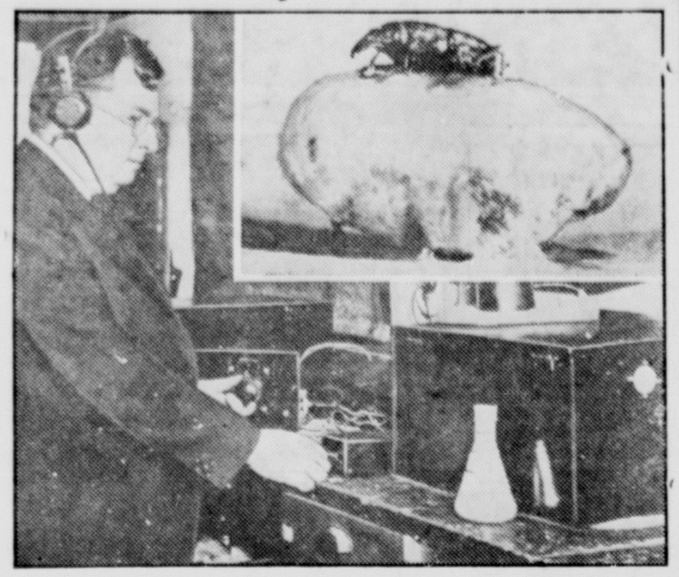
Makes Pin Drop Sound Like Thunder



A machine that can "hear" a weevil chewing a grain of wheat (shown inset, greatly magnified) and that might deafen a human being with the sound of a pin dropping, is expected to save millions of dollars for granaries and milling companies. A faculty member of New York University is shown demonstrating the device, which magnifies sound ten thousand billion times. The sound of weevils squirming in a bowl of wheat was amplified so loudly in the laboratory that neighboring classes complained, though no sound can be detected in good wheat. The machine is expected to have many uses.

English Teachers Will Take Work at Texas University

Announcement has been made of the exchange in the English Department of West Texas State Teachers College of two English teachers with two from the University of Texas. Misses Margaret Wiley and Mattie Swayne will go to the University where they will teach part of the time and work on their Ph. D. degrees. In their places will be Misses Polly Pearl Crawford, who will take Miss Swayne's place, and Fannye Cherry, who will teach in Miss Wiley's place.

Dr. Fronabarger, Head of the English Department here, and Dr. J. B. Wharey, Chairman of the English Department at the University have made the arrangements for the exchange. Both have been cooperative and untiring in their efforts to make the exchange.

This leave of absence is for the rest of this year only, and both of these teachers will be back for the summer term of school.

Miss Swayne secured her Master's degree from Columbia in 1925. Since that time she has done work in the summers at the University of Washington. Her line of specialization is American literature.

Miss Wiley has done a great deal of work toward her Ph. D. degree in the University of Texas, but her last work was in the University of Virginia. She has studied some in Columbia, in Chicago, in Chicago University and has done some research work in England and in the Congressional Library at Washington. Eighteenth Century literature is her major field of work.

Miss Crawford has been teaching classes in the University of Texas and doing work on her Ph. D. in the English department.

Miss Fannye Cherry is of the Extension Department of the University.

Buffs Split Two Game Series With Tech at Lubbock

The Buffalo basketball team split the two-game series with Tech Monday and Tuesday night at Lubbock, keeping up the record of long standing between the two schools. In the past twelve years Tech has won only six games of the 38 played with the Buffs. Three of the six were won last year.

The Buffs went to Lubbock Monday rated as the under team, and sprung a complete surprise on the Matadors by winning 36-27. The Buffs got going in this game from the very start, and held the lead most of the way through the game.

The Tech bunch came back Tuesday night springing a surprise by winning 53-25. The Buffs were off form and simply could not hit the basket. Those who attended from Canyon stated that the Buffs played their usual good game in handling the ball and working it down to the goal, but missed most of their basket shots, whereas the Tech crew was able to loop the ball in a large part of their shots.

EPISCOPAL CHURCH

There will be regular prayer at this church, next Sunday night, January 27th, at eight o'clock. Rev. Warwick Aiken, minister in charge will preach and conduct the service. Everyone is most cordially invited to worship with us.

The recent Convocation of the Missionary District of North Texas in Amarillo, marked the twenty-fifth anniversary of the founding of the District, and was a most interesting and happy occasion.

Bishop E. C. Seaman, who has just celebrated his tenth anniversary as Bishop, presided over the sessions of the clerical and lay delegates, and also over a joint session including the Woman's Auxiliary. At the latter meeting, Bishop Seaman gave his annual report, which showed the District to be in a flourishing condition, with several large projects under consideration.

R. W. Robinson Funeral Held at 10 This Morning

The funeral services of R. W. Robinson, 62, was held this morning at the local Baptist church, conducted by Rev. J. H. Hicks, the pastor. Interment followed at the Dreamland Cemetery. He died Tuesday night at his home in Amarillo.

The family moved from Canyon about a year ago, going first to Wellington, and then returning to Amarillo two months ago.

Surviving is the wife, Mrs. Mattie Robinson, and six children, W. D. Robinson of Childress; S. L. Robinson of Happy; W. N. Robinson of California; S. P. Robinson of Tucumcari; Mrs. Marie Cook and Mrs. John Burgan, both of Amarillo.

Pall bearers were John Weyen, Guy Cole, Roy Tate, Glen Dowlen, A. J. Carpenter and L. E. Mashburn.

Former Citizen Is Buried Here Yesterday From Amarillo

Miss Mary Lou Krizan, 30, died in Amarillo Tuesday and the funeral services were held at the Presbyterian church in Canyon yesterday afternoon at 4:00 o'clock, conducted by Rev. Chas. L. Dickey. Interment followed at Dreamland Cemetery.

Surviving is the husband, E. C. Krizan, two children, Wade and LaJauna, the mother, Mrs. Cora Kirkpatrick, and two brothers, A. A. Kirkpatrick and W. W. Kirkpatrick, both of Canyon.

District Court

(Continued from first page)

Cattle Company against S. O. Brittain was dismissed.

The grand jury was convened again Tuesday and voted another indictment against Ben New. This case is set for today on the charge of defrauding a citizen of Canyon.

Indictments against D. A. Mash and Aubrey Mash were dismissed.

Drouth, Labor Troubles, Anti-Crime Drive—High Spots of '34

The drouth, strike violence, and the anti-crime drive furnished much of 1934's news. At left, above, a farm family supplies its own "rain." Top right, "Baby Face" Nelson after his death from federal bullets. Below, clubs fly in the Minneapolis truck drivers' strike.

MOTHER NATURE collaborated with public enemies and politicians, dissatisfied American workingmen, and disgruntled European citizens to make the year 1934 one of the most eventful in the last decade.

Nature's contribution was a catastrophic drouth. One of the worst dry spells in history cost the country's farmers hundreds of millions in livestock, crops, and topsoil.

Politics mingled with economics and aviation to produce many headlines. In January, the U. S. dollar was revalued at 59.06 cents. In February, suspicion of fraud in the awarding of airmail contracts brought the aviation industry a spanking.

President Roosevelt cancelled all private airmail contracts, turning the job over to the army. This proved a federal "hot potato," when several army airmen died in smash-ups. After a temporary shutdown in the service, contracts were again awarded to private concerns.

In other political headliners, the G. O. P. named Henry P. Fletcher national chairman, and Donald Richberg supplanted NRA's Gen. Hugh Johnson (resigned) at the Rooseveltian right hand. A landslide in the November elections gave Democrats complete control in House and Senate.

• • •

THE year marked a new technique in the handling of public enemies. Done with coddling outlaws, federal, state, and city police co-operated in a drive which erased many names from gangdom's "Who's Who."

Police bullets ended the careers, for instance, of John Dillinger, "Baby Face" Nelson, "Pretty Boy" Floyd, Clyde Barrow, and Barrow's "moll," Bonnie Parker.

Despite these object lessons, big-time crime persevered. A machine gun gang in Brooklyn robbed an armored truck of $427,000. Kidnapers swooped at St. Paul, Minn., where Edward G. Bremer, St. Paul banker-brewer was held for $200,000 ransom; in Canada, where abductors of John Labatt, Toronto brewer, demanded $150,000; and at Louisville, Ky., where Mrs. Berry Stoll, society matron, was "snatched" by an alleged maniac.

National indignation flamed when June Robles, 6, Tucson, Ariz., was found chained to an iron cage in the desert 19 days after her disappearance.

DENOUEMENTS of two long-time news stories of importance—the Insull "chase" and the search for the kidnaper of the Lindbergh baby — came in 1934. Turkey shipped the aged Chicago one-time utilities magnate home for trial; and Bruno Hauptmann, German immigrant, was arrested in the Lindbergh case when ransom money was found in his garage.

One of the biggest human interest stories of the year was the birth of girl quintuplets to Mrs. Ovila Dionne of Corbeil, Ont.

Labor troubles created much news. Violence brought deaths to scores in strikes at Minneapolis, Toledo, San Francisco and Kohler, Wis. A textile strike in east and south involved 400,000 workers. In Cleveland, O., the Atlantic & Pacific Tea Co. closed 428 stores following labor difficulties, but reopened them later.

FURIOUS Parisian riots, upsetting two cabinets; a Nazi uprising in Austria, in which Chancellor Dollfuss was killed; Hitler's rise to supreme power following Hindenburg's death, and his "purging" of the Nazis, in which 77 were reported slain; the assassinations of King Alexander I of Yugo-Slavia and Louis Barthou, French foreign minister; and the wedding of Prince George of England and Princess Marina of Greece—these were outstanding European events during 1934.

Thousands died in disasters. Typhoons killed 630 Filipinos, and 6500 Japanese. An Indian quake brought death to 1000. Yugo-Slav and Welsh mine blasts reaped a total toll of 400 lives. Over here, 135 passengers died when the liner Morro Castle burned 12 miles off the Jersey coast.

Celebrities who died during the year were Mrs. Samuel Insull, Jr., Melvin Traylor, Chicago banker; King Albert of Belgium; John J. McGraw, N. Y. Giants' ex-manager; Lilyan Tashman and Marie Dressler, film stars; William H. Woodin, former secretary of the Treasury; James Rolph, Jr., governor of California; Mme. Marie Curie, co-discoverer of radium; House Speaker Henry T. Rainey and President Hindenburg of Germany.

Advertising in The News is one way to make people know what you have to sell when you have it. There may be other methods, but we know of none that does the work as well, or as cheaply.

One thing that is the matter with this country is that too often the car parked in front of the home is worth more than the house itself.

There wouldn't be so many accidents if it were as easy to develop the horse-sense of drivers as it is the horse-power of the car.

So far as we have been able to find out the collection plates still suffer from the depression.

Freshmen Take Wayland Game By 43-17 Score Tues.

The W. T. Freshmen basketball squad was easy winner over the Wayland College crew from Plainview Tuesday night by a score of 43 to 17.

The Freshmen took charge of the game from the very start, and at the end of the half had a lead of 21-4 Wayland was able to score only one field goal and two free tosses during this period.

Coach Bob Cox used every man of his large crew of Freshmen during the game, making frequent substitutions in order to give every man a chance at the game.

Dr. Harry Brown and O. W. Gano returned Tuesday from Portland where they have been fishing for the past week.

Sam Humphreys of Fort Worth visited in the parental John S. Humphreys home over the week end.

Miss Trula Griffitts of Omaha Nebraska, is visiting Mrs. R. N. Barnett, this week.

Miss Ruby Adams of Pampa spent the week end with Miss Sadie Kate Bass.

Maybe the reason why the toothpaste announcers on the radio sound so funny is that they've lost all their teeth.

Another kind of relief that the farmer needs is a kind of fence that will whistle for the dog when tourists climb it.

It has been our observation that a lot of people think it's charity when they give somebody something they don't want themselves.

CLASSIFIED ADVERTISING

Classified rates are two cents per word for the first insertion, and one cent per word for each subsequent insertion. This rate applies to all legal notices.

All classified advertisements must be paid in advance unless arrangements are made in person to care for the payment of them. Classified ads received through the mail will not be published unless accompanied by the cost of insertion.

Word ads intelligently—do not try to save a few cents by leaving out necessary words; tell who, what, where, and, if essential, when and why.
